

Testing Information

Potency

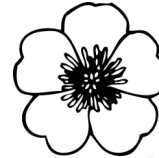

- CBC
- CBD
- CBDA
- CBDV
- CBG
- CBGV
- CBN
- Δ-9-THC
- Δ-9-THC
- THCA-A
- THCV

Limits based on the *Agriculture Improvement Act of 2018, Pub. L. 115-334 (2018 Farm Bill)*. Products containing less than (<) 0.3% Δ9-THC are defined as hemp. Products over this limit are defined as marijuana and are not tested by Clinical Science Laboratory, Inc.

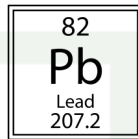

Moisture

- Sample Weight (Dry)
- Sample Weight (Wet)
- Moisture %

Terpenes

- α-Bisabolol
- Borneol
- Camphene
- Camphor
- α-3-Carene
- β-Caryophyllene
- α-Cedrene
- Cedrol
- P-Cymene
- Fenchol
- (+)-Fenchone
- Geraniol
- Guaiol
- α-Humulene
- Isoborneol
- Isopulegol
- Limonene
- Linalool
- β-Myrcene
- Nerol
- cis-Nerolidol
- trans-Nerolidol
- α-Ocimene
- β-Ocimene
- α-Pinene
- β-Pinene
- α-Terpinene
- γ-Terpinene
- Terpinolene
- Valencene

Heavy Metals

- Arsenic
- Cadmium
- Lead
- Mercury

Limits based on Massachusetts Cannabis Control Commission - Guidance Document Exhibit 4. (06/02/2021 rev.) for all uses.

Residual Solvents

- Acetone
- Acetonitrile
- Butane
- Ethanol
- Ethyl Acetate
- Ethyl Ether
- Heptane
- n-Hexane
- Isopropanol
- Methanol
- n-Pentane
- n-Propane
- Toluene

Limits based on Massachusetts Cannabis Control Commission - Guidance Document Exhibit 7a (06/02/2021 rev.) for all uses. Butane and propane levels are based on limits established for the state of Colorado 1 CCR 212-3 (in effect 08/01/2021).

Pesticides

- Bifentazate
- Bifenthrin
- Cyfluthrin
- Etoxazole
- Imazalil
- Imidacloprid
- Mycobutanil
- Spiromesifen
- Trifloxystrobin

Limits based on determination by Massachusetts Department of Agricultural Resources that the use of pesticides on marijuana or hemp is prohibited under federal and Massachusetts state law. Quantities of pesticides that exceed the laboratory's lower limit of quantitation - taking into account measurement uncertainty - shall be considered failing compliance.

Mycotoxins

- Alfatoxin B1
- Alfatoxin B2
- Alfatoxin G1
- Alfatoxin G2
- Ochratoxin A

Limits based on both Massachusetts Cannabis Control Commission - Guidance Document Exhibit 6. (06/02/2021 rev.) for all uses and the state of Colorado 1 CCR 212-3 (in effect 08/01/2021).

Microbes

- Total Viable Count
- Enterobacteriaceae
- Total Coliform
- Yeast
- Mold
- Salmonella sp.

Limits based on Massachusetts Cannabis Control Commission - Guidance Document Exhibit 6 (06/02/2021 rev.) for all uses.

The results contained within the report form relate only to the sample, material, or product being tested. Any information, results, and data contained within a report shall not be reproduced, except in full, without written consent and approval from Clinical Science Laboratory, Inc. Uncertainty of measurement error for a given analyte and/or test is available from Clinical Science Laboratory, Inc. upon request.
